UNION MINERS FOUND GUILTY

Violated Federal Court Injunction
Against Intimidation at
Sturgis.

FINED IN UNITED STATES
CIRCUIT COURT AT OWENSBORO.

Two Given Jail Sentences and Eight are
Fined.

Ten union miners, charged with contempt of the Federal Court by disobedience to an injunction granted the West Kentucky Coal Company, of Sturgis, were found guilty at Owensboro last Thursday and sentenced by Judge M. J. Cochran of the Eastern district of Kentucky, who presided at the session of the United States Circuit Court in the absence of Judge Walter Evans, who is abroad.

William Molloy, charged with intimidating two negroes by threatening them with a pistol, was sentenced to three months' imprisonment in the Owensboro jail. The evidence was strong against Molloy.

Rufus Farmer, who had been convicted of an unprovoked assault with a knife upon a negro miner, was sentenced to six months' imprisonment.

The other eight men found guilty of violation of the court's injunction against intimidating or interfering with the employees of the West Kentucky Coal Co., were each fined \$25. These men were Gus Shirley, Allen Moore, Albert Hall, Dave Chandler, Jack H. Miller, Harry Dills, John H. Miller and Harry Cleary. The court admonished the men to "obey the commands of the injunction and to use their influence to have it preserved to the letter." He said: "If you will promise to do this I will make your sentence as light as can."

These eight men, with about a dozen others, were charged with meeting a car load of negro miners on July 13 and frightening them from their purpose of going to work for the West Kentucky Coal Company. The charge was proven in the cases of the eight men whom Judge Cochran fined.

HELD OVER TO CIRCUIT COURT

Was Utley—Under Bond of \$2,000 for
Killing John Barton.

At the examining trial of Sam Utley for the killing of John Barton, Friday, Judge Wilson held the defendant over to the circuit court under bond of \$2,000.

A great deal of interest was manifested in the case, large crowds being present all through the trial. The case came to an unexpected end Friday afternoon, as the attorneys for the defense submitted the case to the court without introducing any of their witnesses. About twenty witnesses were examined by the commonwealth. None of them were eye witnesses to the tragedy.

At the conclusion of the testimony for the commonwealth, the case was submitted without argument.

Attorney Ruby Laffoon was assisted in the prosecution by Attorneys Gibson and Kincheloe. The defense was conducted by Attorneys Jennings and Jones.

An Enjoyable Picnic.

A gala day was spent by the M. E. Sunday School and their several guests last Thursday, it being the occasion of their annual picnic at beautiful Loch Mary. The crowd gathered early and remained till the gloaming and the threatening elements turned their faces homeward. The day was spent playing games and boat riding and even the older ones became as little children in the enjoyment of the day. At the noon hour the tables fairly groaned with the burden of the tooth some and delicious edibles prepared by the ladies, their being as abundant left for supper as which most of the crowd remained.

Successful Sale.

The lot sale in the Dan Daves addition that took place at Madisonville Saturday proved a success. Auctioneer Thos. Einley sold 30 lots in two hours' time. The average price for these lots was \$93.00. It is the intention of the Western Kentucky Real Estate people to put on another sale in the near future.

Many a man's experience in a bookshop have caused him to turn pale.

HOPKINS COUNTY

Teachers Institute Begun Monday—Large Crowd Present.

OPENING ADDRESS BY J. J. GLENN.

The Hopkins County Teachers' Institute convened at the courthouse Monday morning and will continue five days. The attendance on the opening day was good and prospects are good for the largest attendance in years. A very fine program has been arranged and a session of great interest and profit is looked forward to by all. Prof. R. M. Shipley, of the Winchester schools, is the instructor for the week. Sessions will be held mornings and afternoons to which the general public is cordially invited.

The session Monday was opened by singing and prayer by Rev. J. B. Adams of the First Baptist Church. The welcome address was delivered by Prof. J. J. Glenn in a most happy strain. Mr. Glenn's address was filled with personal reminiscences that were interesting and entertaining. The professor has a record with few, if any, equals in the state. He has attended every white institute that has been held in Hopkins county for 28 years and every colored institute, 22 in all. He taught his first school 44 years ago.

The response was given by Prof. T. H. Smith. Mr. Smith said the teachers had not come to Madisonville to be welcomed and entertained but to work, and hoped that the institute would prove beneficial and helpful to every teacher in attendance.

The work of the organization resulted in the election of Mr. W. B. Davis as chairman and L. R. Ray as secretary.

Following the transaction of business the County Superintendent, A. J. Fox, delivered his annual address. He expressed his gratification at the attendance and interest expressed in this, the first institute held under his administration. He paid a high tribute to the teaching profession. He said it was as much a calling as the ministry. Success in teaching, said the superintendent, depends upon the preparation and effort of the individual.

The requirements of the teacher is more than the mere ability to pass examination prescribed by examiner. The address was an able one of excellent delivery.

At the conclusion of the superintendent's address the institute adjourned and the final work of the institute was taken up in the afternoon with enthusiasm and zeal.

PROXIMATE YOUTH PLEDGED.

Two of Earlinton's prominent young people were united in the holy bonds of matrimony at Elkton, this date, Wednesday, J. Y. Montague and Miss Lizzie Dean, both of this city. Miss Dean left Tuesday morning and went to Elkton, where she was the guest of Miss Mary Cherry. Mr. Montague and his best man, Brick Southworth, left Wednesday morning at the residence of his friends at three o'clock yesterday afternoon.

The happy couple return to Earlinton today and will be the guests of Mr. and Mrs. Y. Q. Walker for a few days until they can arrange to go to home keeping. In a few weeks they expect to take a trip to the old home of the groom at Brownsville, Tenn., accompanied by Pat Mitchell and bride. The groom has been connected with the Cumberland Telephone Co., at this place for a number of years and is an energetic, hustling young man with a bright future before him. He has many warm friends in Earlinton who wish him well. The bride is one of Earlinton's most estimable young ladies and loved by all who know her for her unassuming qualities and consistent Christian character.

A Pleasant Jaunt.

A crowd of young people went to Danville Sunday, leaving here at the early dawning in a wagonette. They spent the day at the cliffs, a lovely spot on the river near the town, and after a trip full of fun and pleasure returned home at a late hour Sunday evening.

Los Angeles, N. Y.—Ministers bought a glass of beer in a saloon after legal hours and carried it into their pulpit the next day as an object lesson. The number of glasses the congregation carried under their belts is not given.

SOMETHING DOING

At the time at Grayson Springs.

PENCIL PUSHERS AT WORK.

GRAYSON SPRINGS, KY., JULY 24.

The Kentucky Press Association got busy early this morning and festivities were at their height tonight long after 10:30. It had been announced at the offices of the editors. It was a day of work and a day of pleasure, both of which the scribes knew something about.

The most important matter given attention at the business meeting was the bill libel, which was defeated at the last session of the Legislature. At the suggestion of Col. W. B. Haldeman, editor of the Louisville Times, a committee of five was appointed to draw up resolutions to the effect that the members of the association would only submit candidates for office favorable to the interests of the newspapers. The resolutions will be reported probably at one of the sessions tomorrow.

Secretary Richardson reported that the following papers were applicants for membership in the association: The Berea News, the Berea Citizen, the Cynthiana Log Cabin, the Crossader, the Princeton Leader, the Harrodsburg Democrat, the Bluegrass Blade and the Ballard Yeoman.

A banquet was held tonight at the hotel at which the following toasts were responded to:

"The Salt of the Earth," J. J. Glenn, Glenn's Graphic.

"A Pretty Face," W. B. Browne, Fairview Review.

"Our Neighbor," Heber Matthews, Hartford Herald.

"What of the Outlook," G. C. Underwood, Hopkinsville New Era.

"Random Shot," Tim Needham, Williamson Courier.

"The Never Ending End," Charles Meacham, Hopkinsville Kentuckian.

Col. Haldeman made an address in which he spoke in complimentary terms of the association and urged it to continue with its good work. His address was warmly received.

The election of officers will be held tomorrow and it is thought that the following will be elected:

President—David Wallace, Warsaw Independent.

Vice President—L. B. Brown, Keenlyside Democrat.

Secretary and Treasurer—Norman Richardson, Danville News.

The wives and daughters of the editors played progressive euchre on the veranda of the hotel this afternoon. Mrs. Harry McCarty won the first prize, a silver baking dish. Mrs. Spalding won the guests' prize, a fan. The other players cut for the consolation prize, a silver toothpick holder. It was won by Miss Gullion, a daughter of the President of the Association.

Former State Senator R. C. Crenshaw, candidate for the Democratic nomination for Commissioner of Agriculture, and former acting Lieut. Gov. Lilard Carter, candidate for the Democratic nomination for Lieut. Governor, arrived here yesterday and are making a tour of the state in connection with their campaign. Dr. Arthur McCormack invited the visitors to attend a reception at their home Friday evening.

THE FOLLOWING

Will be of Use to Some Earlinton Boys.

Detroit, Mich., July 24.—Cigarettes caused Carl Weston, aged twenty-one years, to blow his brain out with a shotgun while alone in a room above his boarding house at 38 Eureka Avenue, Wyandotte. He left this message:

"Dear Brother Glen: If you want to live to be old cut out the cigarettes. They did me up."

Carl Weston was a hard worker and had no bad habits aside from cigarette smoking.

Detroit, Mich., July 24.—According to Dr. Robert Langdon, says the Times, Tim O'Neil, 100 per cent of the inmates of insane people have light hair. His figures are obtained from 68 asylum, with 95 per cent of the inmates being light-haired, either blonde or red-headed.

In a spa in New England there was not a single person with dark hair.

The St. Louis man who killed himself says he caught only three small fish after an all-day effort, was not real tired, however. A real fisherman, according to Weston, doesn't expect to catch fish; in fact, he doesn't go after fish.

WITNESS IN KANSAS CITY ICE INDUSTRY FLOORED.

Pedler Shaw, who said he knew that the ice combine existed, fell down under fire.

Kansas City, Mo., July 25.—The demand in the ice bearing Tuesday, succeeded in getting the testimony of Pedler O. B. Shaw, who testified that he knew that an ice combine existed here, and that the alleged ice trust made and controlled the wholesale and retail prices of ice. He was subjected to severe cross-examination, which brought out the fact that he knew nothing whatever upon which to base his declarations.

Other ice peddlers testified that all the ice companies advance the price of ice simultaneously here, and the witnesses admitted that an advance in price was made by all the peddlers, as they then made large profits. Only one peddler testified that he bought ice indiscriminately from all the ice companies. The other peddlers admitted that they bought ice from the plants to which they were directed by the manager of the People's Ice, Storage and Fuel Co.

Needed to be Reminded.

A celebrated belle whose attractions invited such marked attention from scores of men that the prefix of "Miss" was soon dropped, was "reminded" with another fashionable woman. While chattering she inadvertently drew out her handkerchief, and said: "I've a knot in the corner of my handkerchief. I must have put it there to remind me of something." Said the hostess: "Please to remind you that you are married."

"I have a terrible trouble in my liver. Words can't express what I think about it. Everybody in my household are happy and well, and we owe it to Herbine."

LAUGH WHILE YOU MAY.

Never mind tomorrow; have your fun today. You can tell what sorrow then will stop your play. Trouble don't you borrow; still be where the sun is shining is time to make your hay. Needn't be too saving; that will never pay. We're here, braving, a spend without delay. What's the use of slaving? Work will make gray. Leisure's the time to make your hay. Nature's voice is calling; that you must obey. Leaves soon be falling, roses expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

—Philadelphia Inquirer.

My Hair is Extra Long

Feed your hair; nourish it;

give it something to live on;

Then it will stop falling, and

will grow long and heavy.

Ayer's Hair Vigor is the only

hair-food you can buy. For

60 years it has been doing

just what we claim it does.

It will not disappoint you.

"My hair used to be short. But after using Ayer's Hair Vigor a short time it began to grow again. This seems a splendid result to me after being disappointed so many times."

ITCHING PAINFUL SORES ON HANDS

Suffered for a Long Time Without Relief—Had Three Doctors and Derived No Benefit—One Doctor Was Afraid to Touch Them—Sores Disappeared and Hands Now Smooth After Application of

CUTICURA SOAP AND CUTICURA OINTMENT

"For a long time I suffered with sores on the hands which were itchy, painful and disfiguring. I had three doctors and derived no benefit from any of them. One doctor said he was afraid to touch my hands, so you must know how bad they were; another said he could not tell what they were. The third said the sores were caused by the dipping of my hands in water in the dyspepsia where I work. I am in pain now. SOUTHWEST

The Land of BIG CROPS and PROSPERITY

Are you making as much off your farm as you ought? No doubt you are making all you can. The trouble is the land costs too much. You have to pay so much money to buy a big farm, and so you are trying to make a living on a small farm, or perhaps you are renting one and paying a good share of what you raise in rent. Wouldn't it be better to go to some of the cities of the Southwest and see that you can own a big farm—where every acre of the ground is working for you and all you raise is paying you good profit?

There are thousands of acres of fertile land in the Southwest along the line of the Cotton Belt Route that can be bought for from \$3 to \$10 an acre. This land is increasing in value each year.

See the Southwest at Small Cost

A trip to the Southwest would convince you that you best interests are in settling there. The trains are fast and very little expense. On the fast trains you can purchase round trip tickets to any point in the Southwest or via the Cotton Belt Route at very low rates. When the maker of Cuticura Remedies sold through drug houses for family use, he gave his patients fully into his confidence by frankly telling them his bottle wrapped in a full list of all its ingredients in plain English. He did this because he had the best possible evidence that he is not afraid to have the search light of investigation directed upon him. He has given the cure of the weaknesses, periodical pains and functional derangements of the organs of the body to thousands of people, and that it will bear the fullest scrutiny and that it will bear the fullest scrutiny and the most thorough investigation.

The engine was then turned around and the tender was moved to the rear. The engine was then moved to the front and the tender to the rear. The accident was caused by exceeding rails. The crew escaped injury, and the only damage done was that to the cars and track. Traffic was resumed after a short delay.

An Angler's Elysium.

According to advertisements all summer resorts are alike. They are the best ever—but if fishing is better anywhere else, why not go there? "Georgian Bay" we do not know where it is. There is a greater variety of fish in this water than anywhere else, and there are many hundreds of species. We do not know where it is, but those that have been caught have been counted and eaten, and the Government Game and Fish Service know that Georgian Bay supplies more fish than any other equal body of water in the world. The fish there are afford the best, while the fish are numerous, big and delicious in flavor, and that place is Georgian Bay—so the fishermen say. Some place is set to market, bound by the Grand Trunk System road, telling where the home of the bass, pickerel, pike and tomie is.
